

Dear Nursery,

I hope you are well - I have missed you all, dearly. It has been lovely to see the many photos that you have sent into school and also all of the lovely pictures and observations that your grownups have uploaded onto Tapestry of the wonderful things you have been doing.

This term, our topic will be on animals and each week, we will focus on a different group. We will start by focusing on farm animals. On your weekly learning grid, there will be a link to our focus story or on a separate link I will read it to you. There will be lots of fun activities for you to do and I will attach some resources and PowerPoints for you to look at with your grownups. Don't worry, you do not have to do all of the activities on the home learning grid; I have added lots to keep you busy!

Please can you ask your grownups to upload some photos/observations onto Tapestry of some of the activities you choose to do? I will then be able to see these and it will also be a lovely way to stay in touch.

Please look after your grownups and yourselves and stay safe.

I hope to see you all again, soon!

Love

Mrs Tuansaam xx
