

Hi Year 6

I hope you are all keeping safe and well during this unusual phase we find ourselves in. I hope you are all having a lovely time with your families, finding lots of new past times and activities that we don't always have time for - I of course know you will be being your kind caring selves to those around you.

I am pleased to hear from Miss Clifford that you are all doing well with your home learning and the Mayan research. Well done! I look forward to hearing all about your Mayan discoveries.

Please don't forget the skills you learned at college. I'm confident you could all be putting them to good use now, maybe even teach your adults a thing or two.

I have been quite busy myself; I have done some home learning too and on-line courses to help me in my work at school. I have had plenty of time to do lots of work in my garden (which was very tough) to prepare it for the summer. I have even sown some grass seed; I wonder if that will be successful? I will let you know.

I have also been doing plenty of baking, not for me of course, but my family seem to be enjoying it. I think I've started something here that I may regret once we go back to school.

It is lovely to take the opportunity to go for nice walks, we can see things we don't usually notice and watch how things are changing as the weather gets warmer and we head into summer.

Be sure to make time to get outside yourselves to enjoy the beautiful days we are having at the moment.

It would be lovely to hear and see what you have been up to so don't forget to send in your pictures and messages, we do look forward to reading them.

I look forward to seeing you all soon and hearing all about your activities and adventures.

Take care

Mrs Brewer
