

Forty Hill CE School

PE Sport Premium 2017-2018

From September 2017, the Government announced that they would be doubling the Sport Premium for schools. The Sport Premium received by Forty Hill C.E. School for 2017/18 is **£18,050**. Below is the suggested allocation of funds and the intended impact that this funding will have for the school.

Schools must use the funding to make **additional and sustainable** improvements to the quality of PE and sport they offer including:

- developing or adding to the PE and sport activities that the school already offers
- building capacity and capability within the school to ensure that improvements made now will benefit pupils joining the school in future years

Please visit gov.uk for the revised DfE guidance including the 5 key indicators across which schools should demonstrate an improvement. The DfE encourages schools to use this template as an effective way of meeting the reporting requirements of the Primary PE and Sport Premium.

Key indicator 1: The engagement of <u>all</u> pupils in regular physical activity – Chief Medical Officer guidelines recommend that primary school children undertake at least 30 minutes of physical activity a day in school				Allocation: £7,100
				% of total allocation: 39%
School focus with clarity on intended impact on pupils:	Actions to achieve:	Funding allocated:	Evidence and impact:	Sustainability and suggested next steps:
Children will receive greater quality provision from a qualified PE coach. Teachers and Support Staff will have the opportunity to work alongside the coaches to further develop their own PE teaching.	Additional teaching staff to work alongside the teaching and support staff leading PE sessions. (Get Set for Sport Tues/Fri)	£6000 contributed towards the cost	<i>Our coaches from Get Set 4 Sport inspire and motivate the children with highly engaging and active PE lessons. The children have benefited from their experience and enjoy the PE lessons. Kristi and Danny teach from the Get Set for Sport Curriculum, which they tailor to fit the needs of our school and they are always accommodating when we have focus weeks or particular requirements. Currently Years 2, 3, 4 benefit from their teaching, with the class teacher delivering the second session of the week. Our class teachers are able to observe the coaching skills of the experts and engage with their own classes in future PE lessons Due to this training, one of our TAs has been able to deliver high quality PE sessions to Year 5 and 6, giving us a longer term impact.</i>	
Replenishing and adding equipment to the outdoor playtime equipment as well as PE equipment will enable a greater range of activities to take place and encourage children to be more responsible for the equipment purchased for them.	Replenish playground and PE resources	£1000	<i>Our Positive Behaviour Policy encourages children to communicate their feelings and our school values discuss behaviours both in and outside of the classroom. The children have been given freedom to play with more balls and equipment in the playground and field and have been taught fair-play and how to use the equipment, resulting in fewer disputes. New goals have been purchased for the school field as well as netball, athletics and cricket equipment and a number of different balls and playground toys. This has resulted in happier playtimes and less incidents in the behaviour log. Outside activities and outdoor playground equipment boost imagination, motor and problem solving skills, language development, help in overcoming mental and physical challenges, etc. It is important to encourage the physical and mental development of our children with fun, colourful, durable and safe outdoor playground equipment.</i>	
The purchase of spare PE kit ensures that all children will be able to take part in PE regardless of whether they have kit or not.	Purchase of spare PE kit	£100	<i>Our positive and inclusive Christian ethos means that no child should be without when it comes to learning, and PE is no different. We have purchased additional PE kit to be kept in the Welfare Room if needed by any children who are eligible for pupil premium or struggling to bring in their PE kit for whatever reason. This has meant a greater participation of PE across the school.</i>	

Key indicator 2: The profile of PE and sport being raised across the school as a tool for whole school improvement				Allocation: £2,400
				% of total allocation: 13%
School focus with clarity on intended impact on pupils:	Actions to achieve:	Funding allocated:	Evidence and impact:	Sustainability and suggested next steps:
Sport and active healthy lifestyles will be enhanced with new markings to the newly resurfaced playground.	Remark the lines in the newly resurfaced playground	£1500 contributed towards the cost	<i>Our new playground resurfacing has allowed us to mark the lines to develop healthy and active participation and PE at our school. The children use the lines to play games, using their imagination and skill and it adds a sense of pride and belonging to our school as well as encouraging healthy and active playtimes.</i>	
Hiring the Athletics Centre for our Sports Day will provide all children with a sense of achievement and pride as they compete and take part in skills games.	Hire Athletics Stadium for Sports Day (QE Stadium)	£300	<i>Review of the impact will take place in the Spring and summer terms. Sports Day has been booked for Thursday 7th June 2018</i>	
Children to be rewarded with football sessions for displaying positive behaviour choices as well as to promote active healthy lunchtimes. Children to benefit from team values and understand the importance of fair play.	Offer good quality lunchtime football sessions to promote positive behaviour <i>(Get Set for Sport)</i>	£600 30 x 30 minute lunchtime sessions @ £20 per session	<i>Unfortunately, this was unable to take place due to poor weather. Instead, this money has been used to provide an after school athletics club run by Get Set for Sport on a Tuesday afternoon in the summer term.</i>	

Key indicator 3: Increased confidence, knowledge and skills of all staff in teaching PE and sport				Allocation: £3000
				% of total allocation: 16%
School focus with clarity on intended impact on pupils:	Actions to achieve:	Funding allocated:	Evidence and impact:	Sustainability and suggested next steps:
Use Get Set for Sport, the Local Authority, Partnership schools and Spurs Coaches. Training for staff and sports leaders will enable them to run more active and enjoyable sessions for children and become more confident to teach PE to a greater standard.	Provide expert training for whole school staff, lunchtime supervisors and Year 5 and 6 children to become play leaders.	£500	<i>Lunchtime Supervisors, Year 5 and 6 Play leaders and the House Captains have all spent time with the Spurs Coaches and Get Set for Sport Coaches to train them to lead playground games. This has had a positive impact on the children in the playground, who are now used to playing alternative games, working together and improving behaviour standards in the playground and field.</i>	
The Enfield PE team provide CPD opportunities for staff to observe excellent practitioners teach children. This is useful training for our staff. They also organise events, league clusters, PE subject leader meetings and other useful information for the school.	Enfield PE service, “Excellence in PE Programme”	£2500	<i>Forty Hill offers a wide range of lunchtime and after school ‘physical’ opportunities. These are open to any pupil in the relevant year group. This includes teams, groups and competitions. Additional opportunities in a range of competitive activities are provided by the Enfield PE team in the form of tournaments and events against other schools. The school works closely with the Borough PE team to maximise all opportunities for participation in sport. Forty Hill has taken part in various competitions including: netball matches, football matches, tag rugby, hockey, athletics, cricket and a folk dance festival. Enfield PE service also provides high quality training course for staff and are always on hand to advise the PE subject leader and staff with the curriculum and provision.</i>	

Key indicator 4: Broader experience of a range of sports and activities offered to all pupils				Allocation: £2,950
				% of total allocation: 16%
School focus with clarity on intended impact on pupils:	Actions to achieve:	Funding allocated:	Evidence and impact:	Sustainability and suggested next steps:
Outdoor table tennis tables will be utilised all year round and provide opportunities to improve hand-eye coordination as well as promote active healthy lifestyles and a new sport.	Purchase outdoor table tennis tables and resources	£1500	<i>The outdoor table tennis tables were purchased in April 2018 and the children have already loved playing on them, increasing their competitive spirit as well as their hand eye coordination. The children have started using it at lunchtimes, playtimes and during our after school provision and therefore they are being used throughout the day and throughout the year as proposed.</i>	
Use a Sports Company to hold intra-sport competitions for all children to participate in a range of sports as well as provide medals and trophies to celebrate sporting success.	Competition and celebrations as well as holding intra-sport competitions throughout the year	£1000 to include cost of sports companies and medals/trophies	<i>This year, once again, we have worked with Get Set for Sport to provide us high quality Sports Days, where the majority of children in the school can participate and compete in high level sport. This year, we have held a skipping workshop, an orienteering workshop and will be holding a rounders competition. This complements the skills that they will be learning in their PE lessons and putting these skills to good use in a competition. The medals and trophies provided will instil a sense of pride amongst the children as well as giving children something to aim for when playing competitive sport. On top of this, a small amount of the Sport Premium will be allocated to run an internal World Cup Day, where the children will be in mixed team and aim to win the World Cup!</i>	
Professional teaching for preparation for the Folk Festival as well as a whole day of folk dancing will encourage children to try something new and take part in an active and healthy session of dance.	Folk Dancing for all classes and preparation for the Folk Festival	£450	<i>This year the school has signed up to the Enfield Folk Festival. For preparation, on top of the Enfield-led training (see Enfield PE team buy-back), we have bought in the professional services of a folk dancing troupe. They will work with our Year 2 children to develop and improve their skills in dance and prepare them for the folk festival. They will then hold a whole day of Folk Dancing for the whole school in order to engage and enthuse the children in dance and to try something different!</i>	

Key indicator 5: Increased participation in competitive sport				Allocation: £2,800
				% of total allocation: 16%
School focus with clarity on intended impact on pupils:	Actions to achieve:	Funding allocated:	Evidence and impact:	Sustainability and suggested next steps:
The children will swim at a local swimming pool for a term and a half, promoting swimming skills and healthy, active lifestyles. This year, we wanted to encourage Year 5 children to swim and so we have needed to send two classes (Year 5 and 6) to ensure all KS2 children have had the opportunity. We feel that subsidising some of the cost with the Sport Premium will allow us to continue to spend money in other academic areas across the school.	Contribution towards additional swimming lessons and an aim for increased standards of water safety, confident and competent swimmers.	£2000 contributed towards the cost	<i>Year 6 (September to February) and Year 5 (February to July) have swimming lessons at Albany Pool, every Monday during term time. This helps with their core strength and development of essential swimming skills. The majority of the children can now swim at least 25m by the end of their sessions. Swimming develops the children's muscles and lung capacity, but also contributes to the development of their personal organisational skills. During the Summer term, Year 6 will undertake school journey where they will be taking part in water based activities. Whilst the children will have the appropriate buoyancy aids, it is important for the teachers to know that they are confident in the water. Whilst the sport premium has not been spent on the actual swimming lessons – as this is part of the curriculum – we use the sport premium to pay for the cost of the transport to and from Albany Pool and the additional adults employed to ensure our children can travel and participate in the swimming programme safely.</i>	
We now have two new football kits and would like to purchase a netball kit as well as other sports kits. A new school kit will give the children a sense of pride when competing for the school.	Purchase new team kits	£600	<i>The children representing our school during sports matches feel a sense of pride when wearing the kit. We encourage all children to participate in sport and our gifted and talented children – many of whom see sport as their main interest and vital for their wellbeing – are able to represent our school in a number of tournaments and matches.</i>	
Hiring of a minibus allows all children to access the sporting events and not always rely on parents helping to organise lifts. Safety of the team is ensured and the team can arrive together to events.	Hiring of LA minibuses for transport to events	£200	<i>As many of the Local Authority matches and tournaments (see Enfield PE Team buy-back) are held during the school day now, rather than after school, we are less able to rely on parents to transport children to and from the matches. Therefore the Enfield Mini-bus service has been really effective. Unfortunately, it has subsequently closed down and so we are having to use the remainder of the money on taxis.</i>
