

COMMUNITIES OF JUSTICE

MONDAY Read about the Ten Commandments

God gave the Ten Commandments (Deuteronomy 5:6-21) to the Israelites to help them build a new life. They still shape our world today.

TUESDAY

Think about how we should respond when others treat us badly

If we always did bad things to those who do bad things to us, would that be 'fair'? Or is there another way?

WEDNESDAY Find time today to enjoy doing nothing and have a rest!

The laws God gave his people included regular time to rest. Life is better when we are not always trying to do or to have more.

16

THURSDAY

Try to say hi to all the members of your class

We don't get on with everyone all the time. But everyone – friend or not – matters to God and is a part of our community.

FRIDAY

Pray for charities and people working to make the world fairer

Faith in God inspires many people to work for a fairer world. Pray for those who work for charities seeking to help.

WEEKEND

Say sorry for any times you have been unkind or unfair this week

No one is kind and loving to others all the time. But God loves us all and forgives us when we are sorry.
